## DETAILED ACTION

## Allowable Subject Matter

1. Claims 1-13 are allowed.

## Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The prior arts of record to Rozenblit and Mitama fails to either alone or combine to teach or suggest a single chip direct conversion transceiver or receiver with the arrangement for shielding between a mixer unit and an oscillator with a shield ground surface and detailed interconnection between the mixer and the oscillator as cited in claim 1 and its corresponding method in claim 7. Prior art does not suggest to shield between the RF front end and the oscillator because of an ineffective at the high frequencies as noted by Rozenblit (see col. 6/lines 17-23); and Mimata is totally silent on the shielding between the mixer and the oscillator.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## Conclusion

 The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Woo et al (PTO-892 attached) of same inventors are checked whether for a double patenting rejection.

Art Unit: 2618

4. Any response to this action should be mailed to:

Commissioner of Patents and Trademarks Washington, D.C. 20231

or faxed to the New Central Fax number:

(571) 273-8300, (for Technology Center 2600 only)

Hand deliveries must be made to Customer Service Window, Randolph Building, 401 Dulany Street, Alexandria, VA 22314.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tony Thuan Nguyen whose telephone number is (571) 272-7895. The examiner can normally be reached on Monday-Friday from 9:30 AM to 7:00 PM, with alternate Fridays off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Edward Urban, can be reached at (571) 272-7899.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <a href="http://pair-direct.uspto.gov">http://pair-direct.uspto.gov</a>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
